ÉDITO

Le 90e Anniversaire de l'entreprise Solido c'était en 2022. Mais saviez-vous que le nom Solido existe, quant à lui, depuis 1934 ? Pour les 90 ans du nom Solido nous devions frapper très fort ! Il est nécessaire de vous montrer que la marque change et évolue avec son temps. Ainsi, comme ses clients, Solido débute une cure de jouvence qui va amener de nombreuses nouveautés.

Pour 2024, comme vous pouvez le remarquer, il n'y a plus qu'un seul catalogue. Terminé les collections « printemps/été » et « automne/hiver » et place à un unique catalogue qui regroupe tous les modèles prévus pour les 12 mois à venir.

Au programme de cette nouvelle année une tonne de nouveautés ! Les goûts très variés de nos collectionneurs vont être comblés : anciennes, sportives, tuners, youngtimers, camions, ... il y a aura de tout et à toutes les échelles !

Solido aime voyager depuis toujours. Aujourd'hui, nous embarquons vers le Japon comme vous pouvez le constater avec notre couverture. Un voyage qui ne fait que commencer ! Ce « roadtrip » au Pays du Soleil Levant débute avec la mythique Mazda RX-7 et la très populaire Honda Civic EG6. On vous laisse savourer ces spécialités locales qui ne sont qu'un petit apéritif de ce qui vous attend dans les années à venir !

Au 1/43e, la gamme continue de se développer. Le menu pour 2024 est très varié et très copieux ! Notre crédo « faites de la place » est également valable pour la plus petite de nos échelles. Nous sommes heureux de proposer de nouvelles marques à cette échelle, comme MINI, Honda ou Hyundai.

En un mot comme en mille, vous allez vous régaler avec Solido ! Que ce soit au 1/18e, au 1/24e (camions) ou au 1/43e, nous débordons d'idées nouvelles et nous avons hâte de les partager avec vous. Cela commence dès maintenant avec notre catalogue 2024.

D'autres surprises sont également à venir. Pour ne pas les manquer, nous vous invitons à nous suivre sur les réseaux sociaux et sur notre site officiel.

Passionnément,

The 90th anniversary of the Solido company was in 2022. But did you know that the Solido name has been used since 1934? For the 90th anniversary of the Solido name, we had to make a big impact! We had to show you that the brand changes and evolves with its time. So, like its customers, Solido is starting a period of rejuvenation that will bring many new features.

For 2024, as you can see, there is only one catalogue. The 'spring/summer' and 'autumn/winter' collections have been replaced by a single catalogue featuring all the models planned for the next 12 months.

There's a whole host of new items on the programme for the new year! There's something to suit all our collectors' tastes: vintage cars, sports cars, tuners, youngtimers, trucks... we've got something for every scale!

Solido has always loved to travel. Today we are heading to Japan, as you can see from our cover. A journey that's only just begun! This roadtrip to the Land of the Rising Sun begins with the legendary Mazda RX-7 and the very popular Honda Civic EG6. We'll leave you to savour these local specialities, which are just a small taste of what's awaiting you in the coming years!

In 1/43 scale, the range continues to expand. The menu for 2024 is very diverse and generous! Our motto «make room» also applies to the smallest of our scales. We're delighted to be able to offer new brands on this scale, such as MINI, Honda and Hyundai.

To sum up, Solido is a real treat! From 1/18 scale to 1/24 scale (trucks) and 1/43 scale, we're bursting with new ideas and can't wait to share them with you. It all starts now with our 2024 catalogue.

More surprises are coming soon. To make sure you don't miss out, we invite you to follow us on social networks and on our official website.

With Passion

S1200401 NEW MOULD

Dans les années 90, une Chevrolet Corvette de très grande taille a fait beaucoup parler d'elle ! De nos jours, elle est aussi rare qu'une licorne, les collectionneurs Solido la cherchent désespérément. L'intérêt pour les grandes échelles ne fait que croître. Aussi, nous ne pouvions pas passer à côté du mouvement. C'est pour cela que nous vous proposons le retour de l'échelle 1/12e chez Solido. Commençons avec trois voitures françaises emblématiques. Ces miniatures « grande taille » (~40cms de long) sont toujours en métal avec ouvrants et roues directionnelles !

In the 90's, a very large Chevrolet Corvette was the talk of the town! Nowadays, it is as rare as a unicorn and Solido collectors are desperately looking for it. The interest in large scale cars is growing. So we couldn't miss out on the movement. That's why we're bringing you the return of the 1/12th scale at Solido. Let's start with three emblematic French cars. These « big size « modelcars (~40cms long) are still in metal with opening doors and directional wheels !
